Profile

A Frontend Developer and Software Engineering graduate with hands-on experience in building responsive web and mobile applications. Skilled in React, Flutter, and modern frontend technologies, with practical experience through ITI training. Passionate about creating user-friendly interfaces and scalable applications.

Internship

Frontend & Cross-Platform Developer Trainee – ITI

Jan 2026 – Jun2026

- Developed multiple web and mobile applications using modern technologies
- Applied best practices in responsive design and API integration

Projects:

- [Beauty Glow App](#)
Built a mobile app using Flutter for skincare products management
- [MovieVerse](#)
Developed a dynamic React.js application with API integration for real-time data
- [Memory Game](#)
Created an interactive game using HTML5, Bootstrap, and TypeScript
- [Cats Community](#)
Designed a modular UI using SASS for scalable styling
- [ShopMax](#)
Designed a responsive e-commerce interface using SASS modular architecture with advanced mixins and nesting for scalable styling.
- [LUMINA](#)

Designed a luxury jewelry e-commerce platform using Next.js and Context API for seamless cart management and dynamic data handling.

Work Experience

Web Development Instructor (Part-Time, Remote) - iSchool

Mar 2026 – Present

- Deliver hands-on training in HTML, CSS, and JavaScript
- Simplify complex programming concepts for students
- Guide students in building real-world projects

Education

King Salman International University, BS in Computer Science, major in Software Engineering

Sept 2021 – Jul 2025

– GPA : 3.2/4.0

Graduation Project: Smart Garbage Classification System

- Developed an intelligent system to classify garbage using AI techniques
- Built a model to distinguish between different types of waste (e.g., plastic, organic, metal)
- Integrated the model with a user-friendly interface for real-time predictions
- Improved waste sorting efficiency and supported environmental sustainability

Technical Skills

- **Frontend Development:**
HTML5, CSS3 (SASS), JavaScript (ES6+), TypeScript, React.js, Next.js
- **Backend & Services:**
Firebase, Supabase
- **Mobile Development:**
Flutter, React Native
- **UI / UX & Design:**
Figma to Code, Bootstrap, Material UI, Responsive Design
- **Tools & Technologies:**
Git, GitHub
- **Additional Skills:**
Generative AI Integration
- **Programming Languages:**
Python, C, C++, Dart

Languages

Arabic: Native

English: Intermediate (B1)
